RE: UNITED STATES ADVANCED NETWORK, INC. (6033-748-9)

Dear Mr. Lammert:

Returned herewith are 2001 and 2002 Annual Reports, BCA 12.45 and check(s) in the amount of \$209.50 submitted on behalf of the above corporation.

Your attention is directed to item 6 of the Annual Report. It would appear by the corporation's response in this section that it has amended its Articles of Incorporation to change the number of shares which it is authorized to issue. It will be necessary for the corporation to submit an originally certified copy of Amendment as authenticated by the Secretary of State of Georgia disclosing that change with this report.

The fee to file a certified copy of Amendment with this office is \$25.00 unless the corporation has restated its Articles of Incorporation, in which case the fee is \$100.00.

Form BCA 12.45 must be submitted in duplicate as indicated on the front of the form.

The enclosed documents must be returned in fileable order within 10 days of the date of this letter in order to avoid statutorily imposed penalties.

Should you have any questions or comments on this matter please don't hesitate to contact me either in writing or by calling the number below. I will be more than happy to provide any assistance you require.

A copy of this letter must be returned with the revised reports.

Sincerely,

Sam Pruitt
